PETITION TO WITHDRAW HOLDING OF ABANDONMENT UNDER 37
CFR 1.181(a)

Sir:

This petition under 37 CFR 1.181(a) relates to a previous petition to withdraw abandonment for the above-identified application (the "Application"). This petition is based on the following facts:

1. The correspondence address for the Application is: Hickman Palermo Truong & Becker, LLP, 2055 Gateway Place, Suite 550, San Jose, CA 95110-1089, the address of the attorneys of record for this Application (the "Firm").
2. On September 21, 2007, a Decision on Petition (the "Decision") was mailed to the correspondence address for the above-identified application, the Decision granting a withdrawal of abandonment.

Docket No. 50269-0562

3. This Decision was received at the correspondence address on September 27, 2007 and docketed by the Firm on that date.
4. On February 20, 2008, Applicants discovered the existence of an Office action corresponding to the Decision, and notified the Firm via electronic mail.
5. The Office action was not received at the correspondence address of record, and a search of records, including the file jacket and the application contents, indicates the Office action was not received. A copy of the records where the non-received Office action would have been entered is enclosed and further described below.
6. The Firm's docketing system consists of: (a) one Docketing Specialist who maintains a commercially-produced, computerized docketing database named "IPMaster", and (b) approximately 20 firm personnel (including legal secretaries and attorneys) who operate a computerized client/matter database written in Microsoft Access.
7. The computer client/matter database contains entries for Office correspondence including mail receipt date and description. In order to provide a cross-check against incorrect coding in the docketing database, the two databases are not synchronized and are independently maintained.
8. Weekly reports are generated from both databases and distributed to Firm personnel.
9. When an Office action is received, the proper docketing dates are determined and entered into the docketing database. Then, the face of the paper copy of the Office action is annotated with the docketing information. Finally, information concerning the Office action is separately entered into the client/matter database.
10. The docketing system as described in items 6-9 above has been in use for approximately seven years and throughout its use has been reliable.

Docket No. 50269-0562

11. Attachment "A" included with this Petition is a print copy of the master docket (generated from the Firm's docketing database) for the all matters having a due date of 12/21/2007.
12. Attachment "B" included with this Petition is a print copy of all information regarding client/matter 50269-0562 (corresponding to Application No. 10/671,026) entered in the client/matter database. This information includes the History entry: "9/27/07 - Received Decision of Petition dated 9/21/07. Petition to Withdraw Holding of Abandonment Granted. New Office action should be issued shortly. /jcy"
13. Neither the master docket nor the client/matter database contain an entry for the Office action having a mailing date of 09/21/2007. Had the Office action been received, both the master docket and the client/matter database would have included an entry for the Office action.

Request for Reset of Period

Based on the facts presented above, Applicants petition to withdraw the holding of abandonment under 37 CFR 1.181(a). This petition is discussed at MPEP Section 711.03(c) (8th Ed. Rev. 6, Sept. 2007) under sub-section I.A. at pages 700-184 through 700-185.

Accordingly, Applicants respectfully request withdrawal of the holding of abandonment, and remailing of the Office action. It is believed that no fee for this petition is due; however, if any applicable fee is missing or insufficient, throughout the pendency of this application, the Commissioner is hereby authorized to any charge applicable fees and to credit any overpayments to our Deposit Account No. 50-1302.

Docket No. 50269-0562

Respectfully submitted,

HICKMAN PALERMO TRUONG & BECKER
LLP

Dated: March 6, 2008
